## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 1-3, 5-10, 12-27 and 29-34 are allowed.
2. The following is an examiner's statement of reasons for allowance:
  - a. With respect to claims 1, 6, 27 and 31, the claims have been found allowable over the prior art of record because the prior art of record fails to teach or fairly suggest a magnetic field shimming system for an MRI magnetic field generating assembly, the magnetic field shimming system comprising a plurality of shims with a plurality of centers that are allowed to be non-planar in combination with the remaining limitations of the claim.
  - b. With respect to claims 12 and 16, the claims have been found allowable over the prior art of record because the prior art of record fails to teach or fairly suggest a method for shimming an MRI magnetic field generating assembly, the method comprising the step of arranging a plurality of shims in a pattern allowing the plurality of centers to be non planar in combination with the remaining limitations of the claim.
  - c. With respect to claim 21, the claims have been found allowable over the prior art of record because the prior art of record fails to teach or fairly suggest an MRI magnet assembly comprising a plurality of shims with a plurality of centers that are allowed to be non-planar in combination with the remaining limitations of the claim.
  - d. With respect to claims 2, 3, 5, 7-10, 13-15, 17-20, 22-25, 29-30 and 32-34 are allowed due to their dependency on claims 1, 6, 12, 16, 21, 27 and 31 above.
